To whom it may concern,

Following is my reference for
DARO Flooring Constructions Inc.
30 Pennsylvania Ave., Unit 5
Concord, ON L4K 4A5

Project: Newmarket Ontario

Conditions, requirement on site:
clean site for DARO

Reason for choosing DARO:
I chose DARO because of the unique properties in the product, such as the capability of pouring up to 10,000 sqft. without cracking.

Performance of DARO crew:
The DARO Team was polite and executed their job very professionally

I would not hesitate to use DAROTopp again. The product distributes heat evenly throughout the floor.

I would recommend DAROTopp as the leader in floor topping and leveling.

Sincerely

David A. Scherbinsky
